2024 Festival Judge

Adam Long creates dynamic figure sculptures that resonate with the connection between humanity and the natural world. Sculpting since childhood, his work retains that early wonder of environmental exploration.

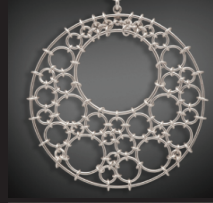

His signature Forest Figures are created from preserved natural objects and reclaimed materials. Educated in St. Louis, Adam has also been teaching for over 20 years in all levels of art education and in the community. He has numerous show honors, and is featured in galleries across the country, where his work is avidly collected. Visit his new pieces here at home in St. Charles at Missouri Artists on Main!

The 29th Annual Mosaics Fine Art Festival is brought to you **free of charge**, due to the generosity of businesses, and the cultural leaders of our state & local communities. On behalf of everyone at Mosaics, we wish to thank our contributors & volunteers!
